April is Autism Awareness Month - Each person with an Autism Spectrum Disorder (ASD) is unique.

Words used to describe an individual who is on the autism spectrum are being questioned more and more by the autism community. Terms such as "mild" or "severe" and labels like "high functioning" and "low functioning" are not particularly accurate and could be viewed as harmful. While individuals with autism are on a spectrum, the line is possibly more blurred than originally thought.

Please stay tuned for daily videos highlighting individual's stories and experiences.

AP Seminar Interested in taking a course that will develop your skills in research, collaboration, presentation and communication? These skills are needed for any academic discipline that you will be taking in your post secondary studies. Students will choose a topic to research in an area that interests them. This AP class is great for students who want to challenge themselves and learn the necessary skills needed for research, presentation and communication before starting post-secondary studies. You do not need to take any other AP courses to take this course, but if you are taking other AP courses you may qualify for the AP Capstone Diploma which can be used for university credit. Please see Mr. Willard or Mrs. Williamson for more information.

First Aid Certificates Students from Sem.1 Sport Medicine who participated in First Aid Certification are able to find their certificates attached to their St. Johns Ambulance accounts. They have switched to a digital model. Though, should you want to print out your certification, you will be able to through your online account as well.

Cafeteria The service line has been modified and beverages are no longer self-serve, please follow the signs and staff guidance to help with the new set up and flow to make for a better experience. We also ask that only students purchasing items use the cafeteria line as the space is small and gets congested easily. Thanks very much for your help and support from the Facey Cafeteria.
